

Synergetics is pleased to offer online professional development to school districts. These online courses provide the following:

- Flexibility of participation without losing classroom instructional time.
- Individualized response to course participants.
- Additional resources through course facilitators.
- Increased communication among colleagues participating in the course.
- CEU's through Mississippi State University.

These are the courses that we currently offer online:

1. 21st Century Learning Skills
2. Differentiating Instruction Through Technology
3. Improving Science Through Technology
4. Improving Social Studies Through Technology
5. Improving Mathematics Through Technology
6. Improving Language Arts Through Technology
7. Advanced SMART Board Training Online

All courses meet standards for the NETS (National Educational Technology Standards) and integrate the MS Curriculum Frameworks as well.

The screenshot shows a course page with two weekly sections. The first section, 'Review of Notebook Software' (10 January - 16 January), includes a welcome message, a list of objectives, and links for 'Weekly Activities' and 'Weekly Assignment'. The second section, 'Structuring and Organizing Lessons' (17 January - 23 January), includes a list of objectives and links for 'Weekly Activities' and 'Weekly Assignment'. Two callout boxes with arrows point to specific elements: one points to the 'Weekly Assignment' link in the first section, and another points to the 'Basic Design Assignment' link in the second section.

Organized weekly lessons for ease of participation

Hands on activities and assignments that encourage communication, collaboration and demonstration of content mastery.
